To Whom it May Concern:

The Educational Alliance is one of the oldest social, cultural, and educational non-profit agencies in the United States. It has been serving seniors on the Lower East Side for over a century.

The Educational Alliance's Co-op Village Senior Care/NORC seniors are ever grateful for Mary Lo's exceptional and therapeutic chair massage.

Mary been serving our seniors 1x per month for over a year now and the smiles on their faces and relaxed demeanor following her massages are priceless and speak volumes in just how important these massages are for our seniors. The fact that Mary also has a gentle and calm energy in which the seniors embrace has also added to the success of our massage program with Mary Lo.

Many of our seniors are dealing with age related illness, while many others are simply coping with the stresses of aging in everyday life. Mary's chair massages have provided many therapeutic health benefits for the seniors. Albeit, the sense of touch, that for many has long been denied, has in fact re-ignited some of their old passions and rejuvenated many a weary bone!

Sincerely,

Bonnie Errico

Assistant Director

Co-Op Village NORC

President
Richard A. Cantor

Chairman
Alan B. Friedberg
